GUIDELINES FOR PREPARATION OF PROJECT REPORTS

ARRANGEMENT OF CHAPTERS

Important Pages which must be included in Project Report

1. Cover Title Page (Format enclosed)
2. List of tables and figures
3. Abbreviations/operational definitions used

Chapter I
Introduction

I. Introduction to Project, Problem definition / statement. This will cover company profile too if the topic chosen pertains to a company.
II. Objectives of the Project Work
III. Scope of the Project Work
IV. Project Report Outline

Chapter II
Literature Survey/Review

I. System Study,
II. Review of Literature
III. Comparison of Literature

(Discuss theories, concepts, models etc., underpinning the project work)

Chapter III
System Requirements Specification

I. Functional Requirements
II. Non-Functional Requirements
III. Hardware Requirements
IV. Software Requirements

Chapter IV
System Design

I. Design Overview
II. System Architecture
III. Data Flow Diagrams
IV. Use Case Diagram
V. Class Diagram
VI. Sequence Diagram
VII. Activity Diagram
VIII. E-R Diagram

IX. Modules of the Project

Chapter V
Implementation

I. Steps for Implementation
II. Implementation Issues
III. Algorithms

Chapter VI
Testing

I. Test Environment
II. Unit Testing of Modules
III. Integration Testing of Modules
IV. System Testing
V. Functional Testing
VI. Results

Chapter VII
Results and Analysis

This chapter will be a brief statement of results and analysis

Chapter VIII
Conclusion and Future Work

I. Major Contributions
II. Future Enhancements
III. Bibliography - References like articles, books, websites etc., used in the project work must be included in this section strictly following the citation style.

FORMATTING YOUR PROJECT REPORT

1. Reports should be typed neatly only on one side of the paper with 1.5 spacing on A4 size bond paper (210 x 297 mm).

The margins should be: Left 1.25", Right 1", Top and Bottom 0.75".

2. Print out should be taken on the one side of the paper only. Dont take print out front and back.

3. The soft copy should be submitted in the Student Portal and the hard copy should be sent to the University on the below address -

ADDRESS -
Harish Shenoy/Jacintha
Department of Online Programs
University of Mysore
Moulya Bhavan, Kukkarahalli,
Saraswathipuram,
Mysore, Karnataka 570006

4. The project report must be **"Hard Bound"**. Do not insert transparency sheets in the report. Do not use spiral binding. **(Scroll down to see the sample of hard bound in the coming pages)**

University should receive the hardcopy of your report within 15 days after the deadline of uploading the softcopy in the portal. Please refer to the Project Notification for the exact deadline for submitting the softcopy.

5. Please Note – Only black/blue Hard bound color will be accepted.

6. The project report must contain 100-120 pages.

OUTLAY OF THE REPORT

1. The chapters, sections and subsections may be numbered in the decimal form for e.g. Chapter 2, sections as 2.1, 2.2 etc., and subsections as 2.2.3, 2.5.1 etc.

2. Each chapter must be left justified (font size 16). Followed by the title of chapter centered (font size 18), sections/subsection numbers along with their headings must be left justified with section number and its heading in font size 16 and subsection and its heading in font size 14. The body or the text of the report should have font size 12. (Times New Roman)

3. The figures and tables must be numbered chapter wise for e.g.: Fig.2.1 Block diagram of a serial binary adder, Table 3.1 Primitive flow table, etc. All figures and tables should appear either in the same page or the next page in which they are referred first. Preferably, all figures and tables are to be placed either at the top or the bottom of a given page.

4. References: The references should be numbered serially in the order of their occurrence in the text and their numbers should be indicated within square brackets for e.g. (3). The section on references should list them in serial order in the following

5. Due care should be to avoid spelling and typing errors. Spell check, Grammar check, must be applied. It should noted that report-write-up forms the important component in the overall evaluation of the project.

FAQ'S

1. Structure of the Project

- **Project Synopsis** (Student needs to submit two synopsis on two different topics based upon their Academic and Professional experience out of which one will be approved by the Project committee if it is up to the mark.)
- **Project Report** (Post receiving the approcal on the topic, students need to submit detailed Project report as per the guidelines on the approved synopsis)

2. What is Project Synopsis?

- A project synopsis is a brief summary or overview of a project. It typically includes key information such as the project's objectives, scope, methodology, expected outcomes, and any other relevant details. The purpose of a project synopsis is to provide with a clear understanding of what the project is about and what it aims to achieve.
- Student needs to submit two synopsis on two different topics based upon their Academic and Professional experience out of which one will be approved by the Project committee if it is up to the mark.

3. For how many pages, I have to prepare the Project Synopsis?

A project synopsis is just a breif of the topic which you have choosen. It should be of 4-5 pages including the Cover page. Also, before drafting a project synopsis please refer to the ****guidelines & Sample Synopsis shared by University thoroughly.****

4. Where do I have to submit my Project synopsis?

Students will find the synopsis tab activated in the learning portal as per the dates in the Project notification sent. As you have to prepare two synopsis, there should be two different PDF files

You may follow the below steps to upload it:-

Step 1: Login to your account and click on the Project tab active on the left side of the Home page
Step 2: Click on Choose Files then select both of the PDF files from your system and upload it.

NOTE: You need to upload both the synopsis in a single attempt. The format of the file should be PDF only. Press CTRL Key (on the keyboard) along with the left mouse button, in order to select both files from your system.

5. How will I get to know which of my synopsis is approved/disapproved?

Once the evaluation is completed, student will receive an email regarding the approved/disapproved topic. Also, the status will be visible on the Project tab.

6. What is Project Report?

A project report is a comprehensive document that provides detailed information about a particular project.

7. For how many pages, I have to prepare the Project Report?

Project Report is a detailed report of around **100-120 pages**. Students are suggested to adhere to the guidelines & parameters while preparing the same.

8. How to submit the project Report ?

Soft Copy -
Students need to upload the soft copy of the Project Report on the approved topic in the portal under the project report tab as per the timeline of the Project notification sent.

Students must prepare two separate files:

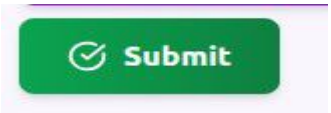

- One file for the *"Self Declaration of Originality & Academic Integrity"* (as per the prescribed format). (PDF)
- Another file for the main Project Report. (PDF)

Click on this tab to upload your **"Self Declaration of Originality & Academic Integrity"**

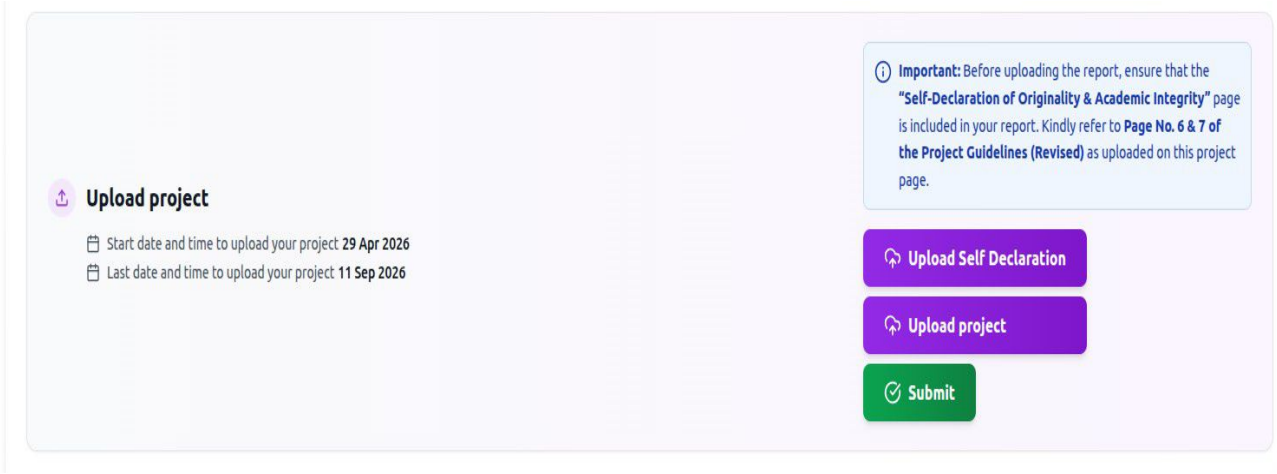

Click on this tab to upload your **"Main Final Project Report"**

After uploading both of the files click on **"Submit"**

Note – There will be total 3 tabs on your project tab (Upload Declaration, Upload Project and Submit).

PROJECT PAGE SCREENSHOT FOR REFERENCE

Hard Copy -

Student needs to send the hard copy of the report on the University address mentioned in the guidelines shared. Kindly ensure that the University receives it timely.

*In hard copy students needs to include the "**SELF DECLARATION OF ORIGINALITY & ACADEMIC INTEGRITY"** page before the start of the main project file.*

Note – University should receive the hardcopy of your report within 15 days after the deadline of uploading the softcopy in the portal. Please refer to the Project Notification for the exact deadline for submitting the softcopy.

ADDRESS FOR SHIPMENT
Harish Shenoy/Jacintha

9. What are the maximum marks for Project Work?

The Project shall be given a weightage of 200 Marks.

10. What are the pass marks?

40 percent is the passing marks.

11. Do students need to fill out the exam form for Project Work?

Yes, students need to submit the online examination form as given in the Learning Portal to see the required tab active in their account.

12. Can I make a project without coding (theory-based project)?

For technical courses, **practical implementation (coding/project development)** is mandatory.

13. Do I need to include source code in the report?

- Yes, source code must be included in the project report.
- The main content of the project report must be at least 60 pages. The remaining pages may include the source code. If the main project file contains only source code without sufficient theoretical content, it will be disapproved.
- Only one PDF file can be uploaded on the Project tab, so both the theoretical and practical components must be included in the same document. Therefore, you should copy your source code from your development environment/IDE and include it in the project file.

14. What happens if plagiarism is found in the project?

Projects with plagiarism with more than 10% will be rejected.
